

Sogefi latest OE and IAM new products at Equip Auto – Paris

Sogefi will be exhibiting its latest products and services at the **Equip Auto** show on **Stand 1E 034** in Paris Expo, Porte de Versailles, **from October 15th to 19th**.

Sogefi will show its new developments in filtration systems in terms of **technological innovations** applied to the **Original Equipment (OE)** - like the **Fuel Filter made from Recycled Airbags – winner of the Equip Auto's International Grands Prix for Automotive Innovation** - as well as the Independent **Aftermarket (IAM)** - as the new cabin air filter range: **Cabin3Tech+** - pre-selected by the jury as finalist of the same contest.

At Equip Auto 2019, **more than 500 new references launched in 2019** will be available in the **new catalogues**.

Partners and customers are welcome on the booth to discover Sogefi's **latest products and services** and **experience the improved digital tools**.

Sogefi is offering via its aftermarket division, a wide and specialized European, American and Asian car parc range coverage, benefiting from the expertise as OE supplier to the world's top vehicle manufacturers, confirming its leadership among the Automotive market.

Come to visit us at Stand 1E 034 to have a dedicated guided tour of our innovations.
