RELATED PARTY TRANSACTIONS

Information on the most important economic transactions and balances with related parties is provided in the explanatory and supplementary notes to the consolidated financial statements, in the section entitled "Related Party Transactions", as well as in the explanatory and supplementary notes to the statutory financial statements. Dealings between Group companies are conducted at arm's length, taking into account the quality and type of services rendered.

We point out that no transactions have been carried out with related parties or with entities or individuals other than related parties that, according to the definition used by Consob, are atypical or unusual, do not relate to the normal business activity or have a significant impact on the Group's results, balance and financial position.

In 2010, in accordance with Consob Resolution no. 17221 of March 12, 2010 and subsequent amendments, the Company's Board of Directors appointed the Related Party Transactions Committee, establishing that the members have to be the same as those of the Control and Risks Committee and approved the Discipline on related-party transactions, which had previously received a favourable opinion of the Control and Risks Committee. The purpose of this Discipline is to establish the principles of conduct that the Company is bound to observe in order to guarantee the correct management of related-party transactions. This Discipline is available on the Company's website at www.sogefigroup.com, in the "Investor – Corporate Governance" section.

In accordance with art. 2497 bis of the Italian Civil Code, we point out that Sogefi S.p.A. is subject to policy guidance and coordination by its parent company Cir S.p.A..

As regards Legislative Decree 231/2001, which brings domestic regulations on administrative liability of legal entities into line with the international conventions signed by Italy, in February 2003 the Board of Directors adopted a Code of Ethics for the Sogefi Group. The Code clearly defines the values that the Group believes in as the basis on which to achieve its objectives. DECLARATIONS PURSUANT TO ARTICLES 36 AND 37 OF CONSOB REGULATION 16191 OF OCTOBER 29, 2007

In accordance with the obligations set forth in article 2.6.2. of the Regulations of Borsa Italiana, and with reference to the requirements referred to in articles 36 and 37 of Consob Resolution 16191 of October 29, 2007 and subsequent amendments, it is hereby stated that there are no circumstances such as to prevent the listing of Sogefi stock on the Mercato Telematico Azionario organised and managed by Borsa Italiana S.p.A. insofar as: Sogefi S.p.A. (the “Company”) has obtained the articles of association and the composition and powers of the related control bodies from foreign subsidiaries based in countries that are not part of the European Union and are of material significance to the Company; the same foreign subsidiaries provide the Company’s auditor with information necessary to perform annual and interim audits of Sogefi and use an administrative/accounting system appropriate for regular reporting to the Management and to the auditors of the Company of the income statement, balance and financial data necessary for the preparation of the consolidated financial statements.

Sogefi S.p.A. will also publish the financial statements of foreign subsidiaries (based in non-European countries and with material significance to the Company), prepared for the purpose of the consolidated financial statements as of December 31, 2012, in accordance with the procedures indicated in the Consob regulation.

In consideration of the fact that Sogefi is subject to policy guidance and coordination by its parent company CIR – Compagnie Industriali Riunite S.p.A., it is also hereby stated that there are no circumstances such as to prevent the listing of Sogefi stock on the Mercato Telematico Azionario organised and managed by Borsa Italiana S.p.A. insofar as the Company has fulfilled its publication obligations pursuant to article 2497-bis of the Italian Civil Code; has independent decision-making powers in relations with customers and suppliers; does not hold a cash pooling system with CIR. The Company has a cash pooling system with subsidiaries that satisfies the interest of the company. This situation enables the Group’s finances to be centralised, thus reducing the need to utilise funding from banks, and therefore minimising financial charges.

On April 18, 2000, the Company set up an Internal Control Committee (which has been renamed to Control and Risks Committee) and a Remuneration Committee (which has been renamed to Appointments and Remuneration Committee) that are fully made up by Independent Directors.

PROPOSED ALLOCATION OF NET PROFIT FOR THE YEAR

The statutory financial statements as of December 31, 2012 that we submit for your approval show a net profit of Euro 6,156,244.61.

We would like to propose:

- distributing a dividend per share of Euro 0.13 to each of the shares in issue with rights from January 1, 2012 (excluding the treasury shares in portfolio), using the net profit for the year of Euro 6,156,244.61 and taking the difference from “Retained earnings” reserve.*

The proposal of allocation of net profit for the year and the distribution of reserves take into account the provision of art. 2357-ter, 2 of the Italian Civil Code, which establishes that the dividend rights of the treasury shares are to be attributed proportionally to the other shares.

We point out that the effective amount to be allocated to dividends and the distribution of reserves will take account of the treasury shares held in portfolio and of the ordinary shares effectively outstanding at the Shareholders’ Meeting date, including possible treasury share transactions and the possible issuance of new shares if the beneficiaries of current stock option plans exercise their options.
